# FedSHAP Conference Submission, Timeline & Conflict Matrix

Pediatric Sepsis Prediction · Multi-Hospital Federated Explainability Pipeline · Current Status: October 2026

## 1. Exact Conference Master Timelines

| Conference | Publisher | Submission Portal | Final Deadline | Acceptance Date | Camera-Ready | Event Date |
|---|---|---|---|---|---|---|
| **ICon INDIA 2026** | IEEE | **Aconf System** | **Oct 20, 2026** | **Oct 30, 2026** | Nov 07, 2026 | Nov 20–22, 2026 |
| **CSCT 2026** | Springer | **Microsoft CMT** | **Oct 03, 2026** | **Nov 12, 2026** | Nov 27, 2026 | Dec 12–13, 2026 |
| **ICICC 2027** | Springer | **Microsoft CMT** | **Oct 30, 2026** | **Dec 20, 2026** | Jan 10, 2027 | Feb 05–06, 2027 |
| **ACM TRUST 2027** | ACM | **Microsoft CMT** | **Oct 31, 2026*** | **Dec 31, 2026** | Feb 28, 2027 | Mar 07–09, 2027 |

*ACM TRUST 2027 Abstract Registration deadline: October 24, 2026; Full Paper Submission deadline: October 31, 2026. ICon INDIA was extended from Sept 30 to Oct 20.

## 2. Portal Architecture: Microsoft CMT vs. Aconf

| Portal | Hosted Conferences | Duplicate / Cross-Check Behavior |
|---|---|---|
| **Microsoft CMT** | CSCT, ICICC, ACM TRUST | **Shared backend database.** Any simultaneous submissions with the same title/authors across CMT-hosted conferences can be flagged immediately by CMT Chair screening modules. |
| **Aconf System** | ICon INDIA 2026 | **Independent proprietary portal.** Completely isolated from Microsoft CMT; CMT cannot internally view or flag submissions uploaded to Aconf. |

## 3. Dual/Multiple Submission Policies & Ethics Reality

**Why submitting to all 4 simultaneously is dangerous (The "Wait for Acceptance" Fallacy):**

- **Timing of Screening:** Turnitin / CrossCheck / iThenticate screening occurs **at Desk Review (within 7–14 days of submission close)**, *not* after peer review or provisional acceptance.
- **Cross-Publisher iThenticate:** Even though ICon INDIA is on Aconf while the other three are on CMT, **all IEEE, Springer, and ACM** conference chairs upload received manuscripts to the global CrossCheck/iThenticate repository during desk screening.
- **Automated 95%+ Text Match:** If the same paper is actively submitted to CSCT, ICICC, and ACM TRUST on CMT, CMT chairs will detect identical manuscripts under your CMT profile, triggering **immediate desk rejection without review**.
- **Sanctions:** Simultaneous submission violates IEEE Policy 8.2.4, ACM Publication Policy, and Springer Ethics Rules, risking a **1–3 year submission ban** and notifications to university administration.

## 4. Recommended Step-by-Step Submission Roadmap

**Safe Sequential Strategy (Zero Risk, Fastest Acceptance Guarantee):**

1. **Immediate CMT Cleanup (Mandatory):** Keep at most **ONE active submission on Microsoft CMT**. If you want ACM TRUST 2027, withdraw CSCT and ICICC on CMT immediately. (Withdrawals made before desk screening leave no record or penalty).
2. **Strategy Option A (Fastest Result — 13 Days):** Submit to **ICon INDIA 2026 (IEEE)** on Aconf (Deadline: Oct 20). Acceptance notification arrives on **October 30, 2026**. If accepted, you are done. If rejected, you still have time to submit to ACM TRUST (Oct 31) or ICICC (Oct 30/late).
3. **Strategy Option B (Highest Prestige — ACM Venue):** Keep your submission at **ACM TRUST 2027** on CMT. Withdraw from CSCT, ICICC, and ICon INDIA. Await notification on **December 31, 2026**.
4. **Sequential Fallback:** All 4 papers are fully formatted and compiled in their respective folders (`icon/`, `csct/`, `icicc/`, `eigtrust/`). If the active venue rejects, upload the next prepared PDF within 24 hours.
